

MBTA Launches Expansion of Real-time Bus Information via Smart Phones

The MBTA has taken the next step in helping bus riders answer the question, "[Where's the bus?](#)" This summer the MBTA began releasing real-time bus information data for 118 bus routes in addition to the 17 that already have data. Real-time data is now available for 135 of the MBTA's 185 bus routes.

Bus riders on these 135 routes will now have access to real-time information on bus locations and arrival predictions for all bus stops. Data will be accessible through 3rd party applications. Popular applications include:

Catch the Bus for iPhone and Android- <http://www.catchthebusapp.com/>

MassTransit for iPhone- <http://www.sparkfishcreative.com/apps.html>

BostonBusMap for Android- <http://www.citygoround.org/apps/bostonbusmap/>

AnyStop for Android- <http://anystopapp.com/>

myTransit for iPhone- <http://www.livespark.com/TTracker/Overview.html>

SMS service Just Hop On- www.justhopon.com

Many other applications can be found by searching "MBTA" in your phone's app store.

As of August 6, 2010 real-time data is available for the following MBTA Bus Routes:

SL4, CT1, CT2, CT3, 1, 4, 5, 7, 8, 9, 10, 11, 14, 15, 17, 18, 19, 21, 22, 23, 24, 26, 27, 28, 29, 30, 31, 32, 33, 34, 34E, 35, 36, 38, 39, 40, 41, 42, 44, 45, 47, 48, 50, 51, 52, 55, 57, 60, 62, 64, 65, 66, 67, 68, 69, 70, 70A, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 99, 100, 104, 105, 106, 109, 110, 111, 112, 114, 116, 117, 132, 134, 136, 137, 170, 171, 191, 192, 193, 194, 245, 325, 326, 350, 351, 352, 355, 501, 502, 503, 504, 554, 555, 556, 558.
